Fri, 07 Dec 2018 00:01:00 GMT LeadRex ICO - lead generation based on Ai - With our extensive network of partners, more than 20 industry prototypes and our technology-agnostic approach, we can help clients accelerate time to market to capture the value of blockchain. Sat, 08 Dec 2018 01:19:00 GMT Enterprise Blockchain Solutions | Cognizant - Introduction Purpose of this

whitepaper on distributed ledger technology

document This document explains the background to so-called initial coin offerings (ICOs), highlights some of the problems and key issues associated with ICOs, and sets out the proposed regulatory response for Gibraltar. Wed, 05 Dec 2018 18:11:00 GMT Policy document Token Regulation - gibraltarfinance.gi - This post is based on a presentation I gave in Hong Kong for Chain of Things and also one for the Scotland Blockchain meetup. This was inspired by a recent whitepaper I co-authored with Gilbert & Tobin. Since a blockchain/shared ledger is a network of nodes all coming together to share information and work together on different use cases a consortium model makes sense to deploy. Fri, 07 Dec 2018 17:55:00 GMT SAMMANTICS - Technology (ONC) published the Shared Nationwide Interoperability Roadmap, laying out a path for the health care industry to improve interoperability over the next 10 years. 1 The ONC acknowledged that the industry had made advances in precision medicine, telehealth and Thu, 06 Dec 2018 10:03:00 GMT Blockchain in health - Ernst & Young - Motivation. Cardano is a project that began in 2015 as an effort to change the way cryptocurrencies are designed and developed. The overall focus beyond a

particular set of innovations is to provide a more balanced and sustainable ecosystem that better accounts for the needs of its users as well as other systems seeking integration. Sat, 08 Dec 2018 01:40:00 GMT Why we are building Cardano - Introduction - ICOVO is the world's first and only ICO platform that can actualize healthy ICOs. The core of its service is the DAICOVO smart contract, which is based on the concept of DAICO, which was advocated by Ethereum co-founder Vitalik Buterin in January 2018. Sat, 08 Dec 2018 09:47:00 GMT ICOVO: No ICO, No Future. - The ultimate blockchain solution, with a built-in cyber security suite, crypto wallets, DApps, and Token Conversion Service, all supported by the SRN token. Fri, 07 Dec 2018 04:11:00 GMT Sirin Labs - Home - Finney - The company is also developing new technologies to solve today's biggest environmental problems in the mining industry. When ready, these new technologies should improve the financial bottom line of current mining producers. It would also facilitate the upgrade of certain current known metal resources to economic status while addressing the environmental and social acceptability issues. ST-GEORGES PLATINUM & BASE

METALS LTD - The legacy IT that's so critical to your daily operations? It's outdated, and becoming more of a liability every day.. Let's face it: IT systems based on older technologies and processes are steadily falling behind the speed and power curve. And every time you add an application or workaround to compensate, you're raising the cost of maintaining systems, increasing risk and delaying the ...
